Quality instruction

A variety of programs for young skiers and snowboarders are available, from the novice strapping on a pair of ski boots for the first time to those wanting to work on big air and freestyle techniques.

To maximize skill improvement, students are separated by age and ability and evaluated for placement on the first day of class. Each child’s performance and skills are continually evaluated to make sure they are placed in an appropriate-level class. Please be advised that your child may not always ride with an instructor and may ride lifts with other children or alone. Private and semi-private lessons are available for even more focused instruction.

All lessons include lift ticket.
**CHILD SKI LESSONS – MINI SESSION**

Learn Your Responsibility Code

Your Responsibility Code is a compilation of slope safety rules used universally at U.S. resorts. Please review Your Responsibility Code and share the information with your friends and children. Three Rivers Park District is committed to promoting slope safety. In addition to those using traditional alpine ski equipment, others on the slopes include snowboarders, telemark skiers or cross-country skiers, skiers with disabilities, and skiers with specialized equipment. Always show courtesy to others and be aware that there are elements of risk in skiing and snowboarding that common sense and personal awareness can help reduce. Know your ability level and stay within it. Observe Your Responsibility Code for a great Snow-Sports experience.

1. Always stay in control and be able to stop or avoid other people or objects.
2. People ahead of you have the right of way. It is your responsibility to avoid them.
3. You must not stop where you obstruct a trail or are not visible from above.
4. Whenever starting downhill or merging into a trail, look uphill and yield to others.
5. Always use devices to help prevent runaway equipment.
6. Observe all posted signs and warnings. Keep off closed trails and out of closed areas.
7. Prior to using any lift, you must have the knowledge and ability to load, ride and unload safely.

Know the Code. It’s your responsibility. This is a partial list. Be safety conscious.

Officially endorsed by: National Ski Areas Association.

Hyland Hills freestyle terrain areas are designated with an orange oval and may contain jumps, hits, ramps, banks, fun boxes, jibs, rails, half pipes, quarter pipes, snowcross, bump terrain and other constructed or natural terrain features. They are provided for your enjoyment and offer adventure, challenge and fun. However, freestyle terrain use, like all skiing and riding, exposes you to the risk of serious injury. Prior to using freestyle terrain, it is your responsibility to familiarize yourself with all instructions and warning signs, and to follow Your Responsibility Code. Freestyle skills require maintaining control on the ground, and in the air. Use of freestyle terrain exposes you to the risk of serious injury or death.
